**About the speaker:**

Sister Geraldine Tan is the provincial leader of the Catholic religious order of Canossian Daughters of Charity for Singapore and Myanmar and a current Board Member with the Singapore Hospice Council. She is also a nurse by training and was the immediate past Executive Director of St Joseph's Home, Singapore. She joined St Joseph's Home (& Hospice, then) in 1985 and established a palliative care unit to meet the pressing need and care for patients with advanced illnesses. It was during that time that Sister Geraldine met the late Dr Cynthia Goh who volunteered at St Joseph's.
